

Designation of Agent

Date:

Member No.:

Business/Trust name: Corporation Partnership LLC
LLP Trust Other _____

I _____, as an authorized signer on the account of _____ (Business/Trust), am authorized to provide the name and position of the person/designate agent authorized to vote in the annual elections for the Board of Directors of APG Federal Credit Union. It is understood and agreed that APG Federal Credit Union does not have to verify that the Designate Agent is in fact the person exercising the right to vote on behalf of the Business/Trust if the APG Federal Credit Union’s security procedures allowing the vote to be cast have been followed in the voting process. In the event a named person is no longer entitled to vote for the Business/Trust, it is understood and agreed that the Business/Trust must provide notice of the change in the Designate Agent.

Business/Trusts have the option to designate a position to exercise the right to vote rather than name an individual (example: Treasurer). If a Business/Trust designates a position rather than an individual, no signature of the Designate Agent is required on the form, and the business does not have to provide APGFCU future notice of change for the purposes of Designate Agent.
